Many of you may remember Michael as a fixture at the Fargo Country Club. As a young man he started bussing tables and posing as a pool boy at the club. In 1976 he began a 25 year career in the dining room and banquet facility.

In 2001, looking for a change of scenery, Michael took his talent to Seasons at Rose Creek. Here we enjoy his sense of humor, friendly greeting, and positive attitude. We also enjoy watching him struggle with a calculator and wince at a tool bag!

Michael was diagnosed with Non-Hodgkin lymphoma in April 2011. He is currently receiving aggressive chemotherapy treatments which will be followed by a bone marrow transplant.
