

HOWARD COOKSEY BENEFIT

Chili with all the fixin' Lunch:

January 29th 11:30am to 1:30pm @ Teamsters

21 18th St S Fargo, ND

**Free-will donation (suggested \$5 minimum donation)

Howard's battle began Sept 9th with what he thought was food poisoning. On Sept. 11th, he was admitted to the hospital and underwent 5 major surgeries involving the removal of part of his small intestine, fluid relief, and attempts to fight infection. He remained in a drug induced coma due to complication that escalated: kidney failure, brain infection, heart complications, and respiratory distress. His recovery is going to be a long process, estimated at eight months minimum, with future surgeries already planned.

The family could use the support of the community at this time.

There are many ways to support the Cooksey family:

Attend the Benefit on January 29th!

Make an online donation:

- www.dakmed.org/lendahand
Click on Donate, enter your gift amount next to Howard's Fund
